

## GROW BOATING COMMITTEE

The Grow Boating Committee promotes the boating lifestyle and improves the boating experience to increase participation in boating to ultimately increase sales of marine products and services. The committee's goal is to get people out on the water, particularly in the Pacific Northwest, to educate them about boats and boating and to introduce them to the joy of owning and operating a boat.

### **NYBA GROW BOATING GRANT**

The NYBA Grow Boating Grant Program aims to foster local non-profit organizations that encourage both youth and adult participation in recreational boating. Funding is allocated to programs that embody the spirit of 'growing boating' in their community and creating a lifelong interest in the marine industry.

Look for the next opportunity to apply in January.
